INTRODUCTION

This volume is inscribed to the remembrance of the ancestors herein contained.

PREFACE TO VOLUME III.

This volume completes the work of the Compiler appertaining to the series of Dashiell Family Records; continuation of such family records will be entered and kept by the writer for the benefit and use of the members of the family and patrons of this work.

Part four of this volume deals entirely with the records of George Dashiell and his descendants; part five contains the records of Robert Dashiell and his descendants; parts six and seven give the additional records and corrections found necessary since the publication of the two previous volumes.

George Dashiell was the third son, and Robert Dashiell was the fourth son of James Dashiell and Ann, the Maryland immigrants.

The ancient records of the de Chiel family, the ancestors of James Dashiell, the American immigrant, have been compiled and will be published, making available these wonderful records to patrons of this work.

It may be proper to state here, that the acadian name of Deshields (now Dashields) of Baltimore, Maryland, must not be confused with that of the Dashiell of America, or that of the de Chiel family of France.

On page 22, the term Transported; is here defined as meaning that the person so designated belonged to a company of immigrants; the head of which was entitled to file a claim for a grant of 50 acres of land for each person in his company brought into the Province of Maryland to inhabit it. James Dashiell having a half interest in such a company of which David Spence was the head, received from Spence by Deed, half of the grant of land.

The writer expresses his thanks for the praise given him by the patrons of the previous volumes, and hope that this book will be received in like manner.

On Monday Morning the 28th of June we weighed and stood out to Sea, at 8 o'clock saw a Ship and a Schooner standing in for Cape Henry, and immediately gave them Chase, till within about two leagues of them, they then tacked and stood towards us, which gave me an opportunity of getting nearer the Cape, and in Shoal water; When we were about three leagues from Cape Charles, and four miles from the Ship it fell calm, I then anchored, hoping she would have done the same, but she still kept under way; finding the tide driving her further from us, as soon as the Crew had dined, which was half past two o'clock in the afternoon; We weighed and rowed down to her, at four we fired a shot,Which She returned with a broadside, and in about ten minutes the action became general, and Continued without intermission till after sunset, when the wind sprang fresh up southerly, she then made all the sail in her power, and stood to Sea; We continued the Chase till near ten o'clock, at which time She was quite out of gunshot, we then hauled in for the land, She was quite a clean Ship, just out of Port, Mounted with 18 four and six pounders, and two stern chasers on the deck, four Carrage Guns and several swivels on the quarter deck and forecastle.I have the greatest Pleasure in assuring your Excellency, that the officers and men behaved with great conduct and bravery, and that we had not one man killed or wounded, except Captain Dashiell, who received a slight wound on his hip bone by a Cannon ball.
